GREETINGS FROM EUROPEAN ZONE

Welcome to Aalborg, Denmark

One of the most important tournaments is this year hosted by Denmark. The European Gold Cup started in 1979 as the AMF Gold Cup in Coventry, England. A private initiative from Mr. B. Gibbons, Mr. G.H. Caie and Mr. A.A.Th. Ophelders took over the organization in 1986.

In 1995 FIQ-WTBA-European Zone became the "owner" of the Gold Cup. The Presidium of the Zone is of the opinion that all members of the European Zone should participate: this tournament is the way to promote the sport of bowling. You are not convinced? Ask the players that had the opportunity to participate, they will tell you!

I wish the Danish Federation good luck with the organization. To the participants I like to say:

ENJOY YOURSELF, MAKE NEW FRIENDS AND GOOD BOWLING

On behalf of the Presidium

MESSAGE FROM KAI HOLM, DIF

PREFACE

By Kai Holm, President,
National Olympic Committee
and Sports Confederation of Denmark

This year, the Danish Sports Confederation celebrates its centenary. - It was one hundred years ago that Mr. Eugen Stahl Schmidt, founder of the Danish Sports Confederation, took the initiative to form the sports confederation at a meeting at the Copenhagen restaurant "Søpavillionen". Prior to the meeting he had, together with a group of persons interested in sport, worked at drawing up uniform amateur rules for athletes.

At the formation in 1896, the Danish Sports Confederation represented ten different sports and a membership of about 3,000. Since then, development has been fast, and today the Danish Sports Confederation is the central organization of 57 national sports federations with nearly 11,000 sports clubs comprising app. 1.5 million active members. At the same time the Danish Sports Confederation is National Olympic Committee for Denmark and responsible for Denmark's participation in Olympic Games.

The centenary is celebrated nationwide all through 1996 with a wide range of sports activities, cultural events, and conferences which will place sport in a historical context, and at which visions for the future will be discussed. The activities aim at elite as well as mass sport, veterans, children, and young, and at organized as well as non-organized sports people.

The Bowling Gold Cup Final is one of the many exiting events which are part of the centennial celebrations and thus contribute to the constant and almost unbroken growth that the Danish Sports Confederation has experienced through its one hundred years of existence.

The Danish Sports Confederation gives physical activity, experiences, competition, and the sense of social community pride of place. These are the qualities that we hope to experience at the Bowling Gold Cup Final 1996.

We wish the Danish Bowling Federation a successful event.

Have a good time all through the centennial year!

GREETINGS FROM THE CITY

WELCOME

On behalf of the city of Aalborg I welcome all participants and supporters to Aalborg for the European Gold Cup 1996 for bowlers.

All the players have qualified in their own countries to reach the European final, and as only one woman and one man participate from each country, it will - without a doubt - give the spectators the possibility of seeing the absolute best bowlingplayers in a championship of this kind.

With its 160.000 citizens Aalborg is the 4th largest city in Denmark, and if it is possible for you to leave the bowling center for a couple of hours, Aalborg can give you many good memories. I would like to mention that Aalborg has some very exiting museums such as the Vikingmuseum at Lindholm Høje (situated close to the bowling center) and the Art Museum of Nordjylland.

If you just need a walk and some fresh air, the heart of Aalborg has a couple of small pedestrian streets and several historical buildings. Furthermore there are squares, cafés and cosy open places close to the pedestrian precinct.

The city of Aalborg it well known for doing a lot for sports. During the later years we have honoured many champions for their fine results. Last year, for instance, we were able to celebrate the national championship with our Superliga-team in football, AAB.

I would like to take the opportunity to congratulate the local organization for being the host of the European Gold Cup. It is always nice to see, that a local organization is able to manage a large international event, where about 20 European nations participate.

Finally I wish all the bowlingplayers good luck for the championships.

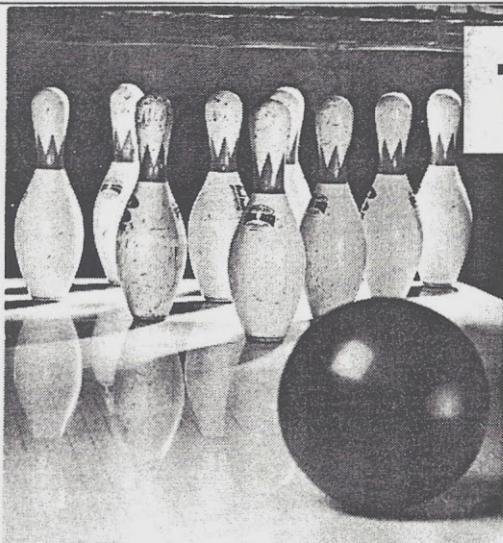

Kaj Kjær
Mayor, City of Aalborg

WELCOME - THE ORGANIZATION

It is always a great pleasure to host a European championship. And as it is the European Gold Cup we are hosting, the pleasure is as great as ever.

On behalf of the Danish Bowling Federation I welcome all players, coaches, officials and supporters from the member countries of the European Zone to Denmark. I hope, that you will all bring back to your home countries a positive impression of Denmark and some good memories as well - memories that will always give you pleasure.

This year marks the one hundred anniversary of the Danish Sports Con

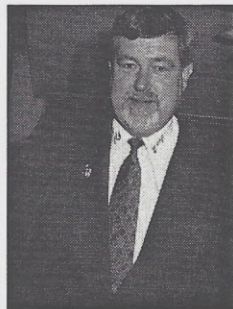

federation. It gives us great pleasure to participate in the celebrations by, amongst other events, organizing the European Gold Cup.

Not all participants are able to stand at the top of the rostrum at the end of the championship, but let us hope, that many good bowling relationships will be created across the borders and that it is possible to keep those relationships alive, even after the stay in Denmark has come to an end.

Wellcome to Aalborg - wellcome to Denmark - wellcome to the European Gold Cup 1996.

Arne Hyldekrog

President, The Danish Bowling Federation

WELCOME

The European Gold Cup is a very special championship under the aegis of the World Tenpin Bowling Association, European Zone, as the member countries are represented by players, who do not usually appear in championship contexts.

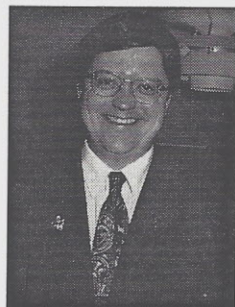

This lends the European Gold Cup its own character, where the sporting achievement often mingle with the social side on the lanes as well as outside.

The Organizing Committee and the staff behind this issue of the European Gold Cup therefore look forward to this task with great expectations. We promise to do our utmost to carry out the championships without any impediments, as this will be the best guarantee for our guests to get some good and memorable sporting and social experiences to take home.

On behalf of the Organizing Committee I wholeheartedly welcome players, officials and guests to Aalborg and to the European Gold Cup 1996. I hope, you will all enjoy your stay in the city as well as in the competition area of the Løvvang Bowling Center.

Kim Thorsgaard Jensen

Chairman of the Organizing Committee

Hvem er Sügro

Sügro er en sammenslutning af 18 selvstændige danske grossistvirksomheder med primære aktiviteter på området konfekturer og kioskvarer.

Alle grossisterne har gennem mange år haft et godt og indgående samarbejde med en stor kreds af kunder og leverandører.

En del af grossistvirksomhederne har eksisteret i flere generationer, og fungerer som lokalgrossister med et stort personligt kendskab til kunderne.

De 18 grossister er fordelt over hele landet - og vi er derfor også i stand til at betjene kunder, som har en landsdækkende kæde eller et landsdækkende indkøbssamarbejde.

Vor samlede omsætning er på ca. kr. 1,5 milliarder.

Vort stærke indkøbssamarbejde giver os optimale indkøbsbetingelser til gavn for vore mange kunder.

Ønsker De yderligere oplysninger om hvad Sügro kan tilbyde dig, så kontakt din lokale Sügro grossist - Sügro Aalborg A/S tlf. 98111544 spørg efter Jens Høj.
