## Special rules of the European Gold Cup

### Participants

Each Nation must participate with one female- and one male-player.

### The official delegation and supporters

Each Member Country can participate with up to 4 leaders and as many supporters as it might wish.

### Entry-fee

For each player and leader of the official delegation an entry fee of DKK 560,- must be paid. Supporters, who might want to join the official part of the championships (transportation, welcome reception and banquet at Limfjordshotellet) must pay DKK 360,-.

Please notice the way of paying on the form "List of the official delegation".

### Age Limit

Players must be minimum 16 years in the season the event takes place. With season is ment 1st september until 31st August the following year.

### Average of the year

As decided at the EZ-conference in Reno, a player who is participating in the European Gold Cup is allowed an average of 180 maximum. The yearly average for the player must be informed on the form "List of the official delegation".

### Disciplines

In the European Gold Cup there will be three titles championships

- 1 mixdoubles-title
- 1 Singles-titel for ladies
- 1 Singles-title for men.

The mixdouble will be played over 12 games (6 for each player). The games from the mixdouble do not be added the singles-disciplines.

The two singles-disciplines will be played as follows:

- 18 qualifying games in 3 blocks of 6 games

# Dansk Bowling Forbund

Idrættens Hus - DK 2605 Brøndby - Tlf. 43 26 22 11 - Fax 43 26 22 16

- One semifinal of 5 games with participation of the 6 highest placed players after the 3 qualifying blocks
- One step final, where No. 3 and No. 2 from the semifinal will meet in the course of one game.  
The winner of this step final will meet No. 1 from the semifinal in the course of one game.

## Handicap Rules

Registrating the EZ-rules of accounting handicaps in the European Gold Cup, the Danish Bowling Federation has formed the rules for our result-system.  
The phrasing - which are not changing the rules - has been accepted of the EZ-General Secretary Rune Widell.

The phrasing will for your information follow at the following page.

## Press room

During the days 9th, 10th and 11th May a press room will be set up in the Bowling Center, where it will be possible for members of the official delegation to use tapewriter, telephone and fax. Unfortunately we have to collect some payment for using telephone and telefax.

## Requirements for National flags and anthems

The Danish Bowling Federation possess all the National flags and the National anthems. Please do not send us any of those.

## European Gold Cup Handicap Rules.

Primarily based on the material for the EZ-conference in Reno, the Danish Bowling Federation will manage The European Gold Cup by handicap rules as follows:

1. A player starts the mixdouble with a handicap calculated according to the average related by the nation of the member.

The handicap is calculated as 80% of the difference between 200 and the average as related to us. An ordinary rounding up by 5 of the first number after the point will be used in the calculation.

A handicap can maximum be 40 and at the start minimum 16, because the average of the player - according to the new rules - cannot exceed 180.

2. A player starts the games 1-6 (1st block) in singles event with the same handicap, then as no rerating of handicaps after the mixdouble will take place.
3. After the first 6 games in singles event there will be a rerating of handicaps based on the player's average in the 6 games (same form of calculating as mentioned under point 1). The new handicap is used in the games 7-18 (2nd and 3rd block) in singles event.
4. After the 18 games in singles event rerating of handicap will take place based on the player's average in the 18 games (same form of calculating as mentioned under point 1). The new handicap is used in the semifinal and the final.
5. A handicap can never be larger - only smaller - compared to the earlier assigned handicap. A handicap can never be smaller as 0.

### Summary:

A player in The European Gold Cup may have up to 3 different handicaps.

- The first handicap (the starting handicap) in the interval 16-40, which is to be used in the mixdoubles and the first single-block.
- Second handicap, calculated on the basis of the games in the first single-block to be lower than the first handicap. If not, then the first handicap will be transferred as the second handicap. The second handicap is to be used in the 2nd and 3rd single block.
- The third handicap, calculated on the basis of the games in the 3 single-blocks to be lower than the second handicap. If not, then the second handicap is transferred as the third handicap. The third handicap is to be used in the semifinal and the final.
