## 14. Opening Ceremony

All the participants in the opening ceremony are to meet outside the centre, on the 23.09.98 at 12.15.

Two players and one or two coaches from each nation will participate in the opening ceremony (subject to the individual nations).

A flag and a sign with the name of each country are to be carried on the official entry. Each nation decides for itself, whom they might like to carry their own flag and sign.

Below please notice the order of the entry listed with the number of the lane, on which the nation has to take up position (in single file) during the ceremony. First the participant carrying the nations sign enters and right behind the participant carrying the flag enters.

During the ceremony a number of speeches will be given by:

- The President of the Organizing Committee, Kim Thorsgaard Jensen
- The President of the Danish Bowling Federation, Arne Hyldekrog
- Malene and Morten Christoffersen (players oath)
- Mimi Jacobsen (officials oath)
- Member of the European Zone Presidium, Jacky Felsenstein

After the speeches, the Danish National Anthem will be played.

The opening ceremony will end with the exit march beginning with Denmark. The participants return to the place just outside the centre, from where they began their entry.

## 16. General information

### The Organization during ECI 1998

- The Organizing Committee
- Secretariat
- Results
- Information and equipment
- Referees
- Bustransportation and -service
- Press
- Technical Committee
- Jury of Appeal

### Conditions at and around the playing ground

Before the start of each event, a block of an event or a final-event there will be 5 minutes of practising. We ask the players and coaches to take notice of this.

Before practising, at the end of practising and at the start you will be given notice by loudspeakers.

After the end of a game, we ask the players and coaches to remain by the lane, where the game has just ended until you hear the whistle. After the whistle, all players and coaches must change lanes at the same time.

There will be another whistle, when the next game is to start.

Each player has a score-sheet for all her/his games. The player's coach must fill in the score-sheet after each game with the result of the game.

### Services from Referees

The group of referees watch over the activities on the lanes and will be close by to assist players and coaches, if pins are to be risen or if there are problems of any kind concerning the play.

### Delegates of the day

As a result of the referees among the lanes and a number of skilled Danish Officials we will propose, that no officials from the federations will be involved as delegates of the day.

### Equipment

Please notice, that it is not allowed to remove the bowlingballs from the centre, after they have been controlled. Likewise eventual new balls, ment to be used in the championship after the control has taken place, must be controlled before use.

### Postal trays for each federation

Outside the Secretariat you will find a postal tray for each nation, in which we will place information for the officials (for example printouts of the scoring system after each event). Please empty your tray at intervals during each day.

### Press

In the pressroom you can use the telephone, ask to have a fax transmitted or use a-phone line with your modem in your laptop. There will be no charge for the use of the communication equipment. The pressrom will only be open for members of the press.

### Bustransportation and extra service

Bustransportation consists of one or two busses, used in the pre-scheduled plan (please notice information earlier in the material) as well as a minibus primarily used for transportation if needed.

If you'd need an extra transportation back to the hotel from the centre - beside the known schedule of transportation - you are allowed to use the minibus for this purpose. We will thus try to get some people together before departure.

If you like to use the minibus - please make an enquiry to the Information.

### Extra tickets for the victory banquet

You can buy extra tickets for the banquet at the Information at a price of 200,- DKK.

The tickets must be bought before Thursday the 26<sup>th</sup> at 12.00 !
